

## Gyan Yatra: Frontend & Messaging Mapping

Use this mapping in the React frontend (i18n bundles) and API message handlers to maintain the project's spiritual and intellectual theme while keeping the backend code clean.

Technical Entity (Code)	Theme Label (UI)	Description for Seeker
User	<b>Seeker</b>	The individual on the journey.
Lesson	<b>Satsang</b>	A gathering or session of knowledge.
Journal	<b>Wisdom Log</b>	The written reflection of the Satsang.
AiAnalysis	<b>Acharya's Insight</b>	Professional feedback from the guide.
KarmaPoints	<b>Mastery (Karma)</b>	Recognition of effort and understanding.
userPreferences	<b>Yatra Settings</b>	Personalizing the journey path.
isVerified	<b>Sealed by Acharya</b>	Indicates the log has been analyzed.
videoUrl	<b>Source of Truth</b>	The external knowledge reference.
noteScore	<b>Depth Level</b>	How deeply the concepts were understood.

### System Message Examples

- **Success:** "The Wisdom Log has been recorded in your Yatra Map."
- **Error:** "A momentary obscuration has occurred in the Sutra."
- **Loading:** "The Acharya is meditating on your notes..."
- **Duplicate:** "This Satsang is already part of your Vamshavali."

### Visual Styles

- **Primary Color:** Saffron/Deep Gold ( #FF9933 ) - Symbolizing knowledge.
- **Secondary Color:** Midnight Blue ( #191970 ) - Symbolizing depth and the night sky of the Yatra.
